San Diego, CA 92128

Greetings,

This letter is to confirm that Borey Norint Son was enrolled in Art of Problem Solving's Math World Online Olympiad Training (WOOT) Level 2 course. This is a full-year course designed to prepare students for the top high school math contests in the world. MathWOOT includes 22 classes covering national and international Olympiad level topics, practice exams that allow students to work on their test-taking and solution-writing skills, and many opportunities to discuss advanced mathematical concepts and problems with other top high school math students in the world.

Sincerely,

Richard Rusczyk
